(15) An annual statement showing payments made in lieu of taxes received and expended during the fiscal year:

There were no payments made in lieu of taxes received and expended during the most recently completed fiscal year.

(16) The status of the development or redevelopment plan and projects therein:

The City of Huntington Downtown Tax Increment Financing Project No. 1 was approved by the West Virginia Development Office on August 3, 2005. Subsequently, on August 22, 2005, the City Council enacted an ordinance approving the project plan for the Development District consisting generally of certain infrastructure improvements, including, but not limited to, street resurfacing, utilities, sidewalks, lighting and landscaping together with all necessary related facilities. In addition to TIF Funds, the Huntington – Ironton Empowerment Zone, Inc. pledged \$400,000 and the City of Huntington Community Development Block Grant program over \$390,000 toward project expenses.

City Council, on June 12, 2006, adopted an ordinance authorizing the Mayor to enter into a contract with C.J. Hughes Construction Company of Huntington, West Virginia to furnish labor and material for improvements to Ninth Street between 3<sup>rd</sup> and 5<sup>th</sup> Avenues. The total contract cost was \$1,543,997. Construction began in July, 2006 and was completed in March, 2007.

In the mid 1970's, during the time of "urban renewal", the thoroughfare, known as 9<sup>th</sup> Street Plaza, was converted from a through street into a pedestrian mall with no parking and no vehicle access. The lack of vehicular traffic led to the decline and demise of many of the retail merchants along the plaza. An effort was made during the 1990's to open the plaza back up to one-way traffic with parallel parking. This approach helped bring signs of life back to the plaza. However, the existing design still was a magnet for vagrants and did not create a positive shopping atmosphere.

With the completion of the first phases of Pullman Square in 2004, it was apparent that 9<sup>th</sup> Street needed improvements to offer better access to pedestrians and vehicles. The project returned low-speed two-way traffic to 9<sup>th</sup> Street between 3<sup>rd</sup> and 5<sup>th</sup> Avenues. In addition to new sidewalks, streetlights and landscaping, a new traffic signal was installed at 9<sup>th</sup> Street and 4<sup>th</sup> Avenue. New parking is primarily angled versus parallel. Sidewalks are wide enough to maintain outdoor dining. The plaza is now an attractive area for shopping, employment and housing adjacent to Pullman Square.

Construction was completed under budget utilizing TIF Bond, CDBG and Empowerment Zone funds. Savings in the contract allowed for a change order to complete additional sidewalk repairs to the south side of 3<sup>rd</sup> Avenue between 8<sup>th</sup> and 10<sup>th</sup> Streets.

After completion of the 9<sup>th</sup> Street portion of the project, bids were accepted for work on 3<sup>rd</sup> Avenue between 12<sup>th</sup> Street and 10<sup>th</sup> Street, including a new signal at 11<sup>th</sup> Street. Construction costs of approximately \$761,000 were awarded to C.J. Hughes Construction Company, McDaniel Electric, Blacktop Industries and Landscaping by Hillcrest. New sidewalks, street lighting and street improvements were made. Angled parking replaced parallel parking in a large segment of the project area creating more parking spaces and increased revenue for the Municipal Parking Board. Construction was completed by spring 2008. Existing TIF funds along with CDBG and Empowerment Zone funds were utilized.

The final phase of TIF Project No. 1 construction began in the fall of 2008. This construction was completed spring 2010 on 4<sup>th</sup> Avenue between 8<sup>th</sup> and 10<sup>th</sup> streets. A construction contract in excess of \$997,000 was awarded to Hager Construction of Huntington, WV. Included were sidewalk improvements, new street lighting, road resurfacing and aesthetic public improvements in front of the historic Keith-Albee Theater and Frederick Hotel. This began the first phase of Huntington's long planned improvements to the Old Main Corridor linking Downtown Huntington and Marshall University. This phase of construction was funded from existing TIF Funds along with CDBG and Empowerment Zone funds.

Additional construction was completed on 4<sup>th</sup> Avenue between 16<sup>th</sup> Street and 14<sup>th</sup> Streets in spring 2010. This project was the second phase of the Old Main Corridor and utilized funds other than TIF funds. Completion of the third phase of the Old Main Corridor between 14<sup>th</sup> and 13<sup>th</sup> streets on 4<sup>th</sup> Avenue occurred in fall 2011. The city received grant funds of \$350,000 for the fourth phase for a block between 12<sup>th</sup> and 13<sup>th</sup> streets and construction was completed in FY2014. The city also received a \$500,000 award of Federal Transportation Enhancement Funds to complete the fifth phase between 12<sup>th</sup> and 10<sup>th</sup> streets.

Additional improvements were made in Fiscal Year 2011 by the Huntington Municipal Parking Board. New paving and landscaping were added to three municipal lots within the TIF District at HMPB's expense (Lots at 4<sup>th</sup> Ave and 8<sup>th</sup> Street, 4<sup>th</sup> Ave and 10<sup>th</sup> Street, and 10<sup>th</sup> Street adjacent to Red Lobster). The HMPB continued progress in fiscal year 2012 with additional landscaping, new signage and overhead lighting to match the appearance of the City lighting on all lots within the District.

A project to connect Pullman Square with the Convention and Visitor's Bureau Visitors Center at Heritage Station was also completed in FY2011 using federal CDBG Recovery funds. The visitor's center has undergone renovations and the tenant mix is now primarily small shops, restaurants and local artisans. The corridor between the two shopping centers features a sidewalk formed in the shape of a railroad line, informative water towers with the history of Huntington, a large decorative artist's rendering of Huntington, and a series of panels explaining the importance of coal to the historic and current economy of the nation. This corridor has transformed a blighted area to an inviting stroll between the two shopping centers.

In FY2012, Marshall University purchased (with assistance from the Huntington Municipal Development Authority) the former Stone and Thomas Building located at 3<sup>rd</sup> Avenue directly across from Pullman Square. Renovations of \$11 million were made for the building to serve as a fine arts incubator and the location of the College of Fine Arts (COFA.) The project was completed and the building opened to 300 students and faculty in August, 2014. In 2016, Marshall University relocated their Dietetics Program to downtown Huntington by leasing classroom/office/and commercial kitchen space directly across the street from Pullman Square.

In FY2013, the TIF District (and other areas of Huntington) competed in the America in Bloom contest. Volunteers, city employees, and shopkeepers spent hundreds of hours maintaining the District's flowers, trees, shrubs and sidewalks. The city received a coveted four out of five blooms at the annual conference. The city has continued its beautification efforts and added more plantings within the District. Additionally, the Huntington Municipal Development Authority has purchased over \$200,000 in new holiday decorations in addition to adding new seasonal banners (designed by Marshall University College of Fine Arts) and fall decorations.

In FY2015 the City completed the \$293,500 first phase construction (non-TIF funded) of the skateboard park in Harris Riverfront Park. Phase two of the skateboard park was completed in FY 2021 from donations from CDBG.

During FY2017, several substantial property improvements occurred along the TIF roadways on Third Avenue and Ninth Street. 933/935 3<sup>rd</sup> Avenue had an estimated improvement of \$178,697.00; 937 3<sup>rd</sup> Avenue received \$382,894.00 in updates; 801 3<sup>rd</sup> Avenue was updated by \$797,077.48; 819 3<sup>rd</sup> Avenue was improved by \$19,500.00; improvement value for 821 3<sup>rd</sup> Avenue was \$1,329,075.87; on 319 9<sup>th</sup> Street \$100,000.00 in improvements occurred; and 321 9<sup>th</sup> street was updated by \$204,000.00.

The investments in these properties will continue to enrich our historic building stock by providing spaces for new business locations and the retention or creation of jobs. These improvements also enhance our downtown area as well as create space for living, dining, and entertainment-all of which brings new life to our downtown area.

Pullman Plaza Hotel sold in 2016 and has undergone a multi-million dollar make-over to become a Hilton Doubletree. The downtown Holiday Inn has been renovated to a Delta by Marriott. Capital

Venture Corp.'s extensive investment of \$6,650,000 on the 3<sup>rd</sup> Avenue corridor and the existing parking lot on 4<sup>th</sup> Avenue have resulted in additional property, B&O, and other taxes and fees. New housing construction is underway on 4<sup>th</sup> Avenue in the former Elks Lodge.

In FY2020, renovations in excess of \$900,000 were made to Mountain Health Arena including a complete remodeling of the Conference Center and new painting, sound system, and signage to the exterior of the building.

The final phase of Old Main Corridor was completed in summer of 2020 funded by State grants and CDBG matching funds.

The City of Huntington Downtown Tax Increment Financing Project No. 2 was approved by the West Virginia Development Office on December 10, 2019. Subsequently, on December 23, 2019, the City Council enacted an ordinance approving the Project Plan for the development district consisting of design, acquisition, and construction and equipping of public improvements specifically including, but not limited to, additions, betterments, and improvements to Mountain Health Arena, streetscape systems, street lighting, and related infrastructure. The first phase of the project generally includes a shade structure for live performances and opportunities for outdoor movies, a graphic screen wall to create outdoor event space, sidewalk improvements, water features, and site amenities and landscaping to the plaza area. City Council approved the contract for the plaza upgrades on August 31, 2020, to be funded by the Series 2019 TIF bond.

Additionally, the project received \$500,000 of Federal matching funds from the U.S. Department of the Interior National Park Service Land and Water Conservation Fund (LWCF). LWCF financial assistance is provided to support projects to develop basic outdoor recreational facilities to serve the present and future outdoor recreational demands and needs of the general public. This grant provided financial assistance to the West Virginia Development Office, on behalf of the City of Huntington, to renovate the Civic Arena Plaza to transform the area into a public recreational space. Construction on the Civic Arena plaza upgrades were substantially completed during FY 2021.

During FY2021, substantial property improvements commenced along the north side of 4<sup>th</sup> Avenue and the four-hundred block of 8<sup>th</sup> Street within the TIF District.

During FY2022, design work began for streetscape upgrades to the 9<sup>th</sup> Street corridor within the TIF district (non-TIF funded).

During FY2022 and continuing in FY2023, significant interior renovations are being made to Mountain Health Arena including improvements to the concession stands, restrooms, and dressing rooms.

(17) The amount of outstanding tax increment financing obligations:

As of the date of this report, there is one \$3,058,000 Series 2019 City of Huntington (West Virginia) Tax Increment Revenue Bond (Downtown Project No. 2) which was issued December 30, 2019. As of June 30, 2023 the outstanding principal balance of this bond was \$2,465,000 plus accrued interest.

(18) Any additional information the county commission or the municipality preparing the report deems necessary or that the executive director of the development office may by procedural rule require:

The State Legislature recently passed an increase in the state historic tax credit and two downtown census tracts received Federal Opportunity Zone designation for the purposes of tax investment.

This annual report will be published on the City of Huntington web site:
